WILLIAM W. GOODRICH, Architect.

If you anticipate building or remodeling, it is well to remember that as much material and labor is required to build a distorted, unpleasing building, as for one attractive. Hence the first move by any one contemplating building, is to employ an experienced Architect, as he will relieve his employer of all trouble and annoyance, saving the client several times the amount of the Architect's fees and preventing any errors during building operations, rendering the entire design well studied, pleasing and architecturally constructed. I will furnish plans and drawings, in elevation and detail, with specifications, estimates and bills of material of every description, for Churches, Banking Houses, Schools, Villas, Cottages, Carriage Houses, Barns, Railroad Stations, Stores, Theatres, Opera Houses, Hotels, Monuments, etc. Special attention given to Ecclesiastical Architecture in all its details.

GEO. R. WENDLING'S OPINION OF "TOPAZ."

The REDPATH MAGAZINE, published by the Redpath Lyceum Bureau of Boston and Chicago, says that Mr. Wendling is considered by many the most brilliant orator America has produced. In his rare attainment of rhetorical effect, wide learning, graphic delineation, superb declamation and splendid oratory, he is one of the most powerful and fascinating lecturers on the platform. His brilliant and scholarly lectures attract immense audiences of thoughtful and cultivated people, whose appreciation of the gifted speaker's wonderful eloquence is attested by their interested presence at all the lectures of a course and on every visit he makes to a place. He is in constant demand in all parts of the country and has already secured a most enviable reputation. His birth-place and present home is at Shelbyville, Ill., three hours' ride from St. Louis.

SHELBYVILLE, ILL., April 28th, 1886.

The TOPAZ CINCHONA CORDIAL CO.

Gentlemen: Through the kindness of a mutual friend of your Dr. Wyttenbach and mine, i. e. Mrs. D. L. King, of Akron, Ohio, I got a bottle of your Topaz Cinchona Cordial for my wife. Its effects, thus far, have been so beneficial that we have concluded to make a thorough trial. Send me, therefore, by express, C. O. D., five dollars' worth. I have tried many remedies and tonics for my wife and expended much money to restore her to health; but this Cordial seems now the only thing promising success. If it succeeds I intend that you shall have the benefit of some wide advertising, which is in my power to give you, and will still feel that I owe you a debt of gratitude.

Very truly yours, GEO. R. WENDLING.

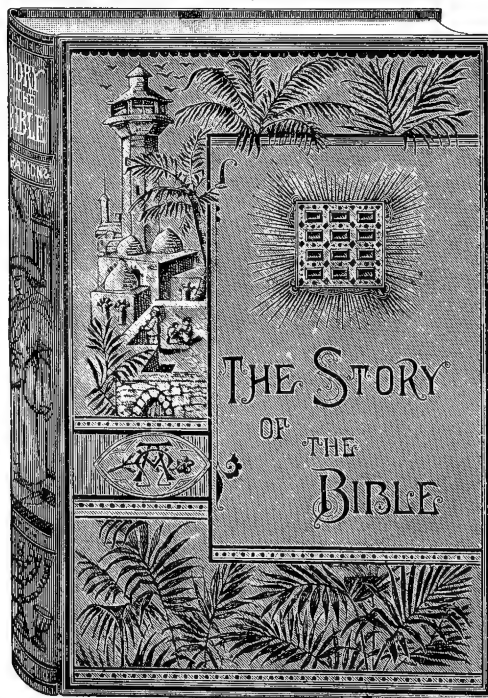

In a subsequent letter, dated April 21, 1889, Mr. Wendling writes: "My wife's health is now excellent."

VOLUME XIV.

COMPILED BY H. G. SAUNDERS, SECRETARY ATLANTA CHAMBER OF COMMERCE.

R. L. POLK & CO., PUBLISHERS.
Chamber of Commerce Building,
ATLANTA, GA.

CONSTITUTION PUBLISHING COMPANY,
1890.

Entered according to Act of Congress in the year 1890, by R. L. Polk & Co., at Washington, D. C., in the Office
of the Librarian of Congress.

INTRODUCTION.

FOUR years ago 471 pages sufficed to chronicle the inhabitants of Atlanta. This year 1300 pages barely compasses it. The inference is so obvious that comment is unnecessary. The Directory contains 27,460 names and the census made by us during the progress of the work shows the present population, including the suburbs, to be 54,993 white and 33,746 colored, a total of **88,939** and an increase of 14,063 during the year 1889. This is no mere guess, neither is it an "estimate." It is actual *bona fide* fact.

We feel sure that our subscribers and the public generally will coincide with us in the opinion that this fourteenth volume is the best as well as the largest directory Atlanta has ever had.

Street Directory

OF

ATLANTA.

VOLUME XIV. 1890.

EXPLANATIONS.

In the following list it will be observed that all Streets, Avenues, etc., are arranged in alphabetical order with name of occupant found at each number. The name of each street is given, showing what other streets and places run from it or across it, with the number at which they intersect.

The Union Depot on Wall Street from Loyd to Pryor is the central point of the city.

The following are the central streets from which others are numbered: Decatur and Marietta running respectively East and West, and Peachtree, West Peachtree and Whitehall, running respectively North and South.

Odd numbers are intended to be on the right and even numbers on the left of each street starting from a given point; but the system of numbering is entirely too imperfect to be depended upon.

To find the occupation of householders, refer to Alphabetical List of Names.

The annual expense in connection with fire alarm is about \$45,000. The force is paid as follows: Chief, \$3,000 per year; foreman, \$80 and \$85 per month; engineer, \$80 and \$85 per month; drivers, \$65 per month; runners \$50 to \$60 per month.
